

Hand-in-Help Income Tax filing 2024

Name:

Save money easily

With this hand-in-help income tax, we try to make it as clear as possible to you which documents we need for the income tax declaration.

It may also grant you additional tax benefits if the Hand-in-Help Income Tax shows you are entitled to certain deductions or if you are entitled to an allowance.

Methodology

In the index on the next page you can tick off what situation applies to you, You will see directly what pages need to be filled in.

You can skip the pages that do not apply to you.

Each page states what documents we would like to receive from you.

Attention! Did you also receive tax assessments (provisional assessment, provisional returns and provisional benefits)? Then we would like to receive copies of these.

Hand in this checklist, together with all documentation, **before December 1ste 2025**. If you want your tax declaration done **before May 1st (normal deadline)**, we like you to send in the tax dossier in **before April 1th 2025**

AVG and WWFT

We will process your personal data so we can do your tax return. We need to identify you, so for this we need to ask a copy of your passport or ID and to keep it for at least five years.

Archive

We will archive your administration, when you are not client anymore we will destroy the archive after the end of legal archive terms.

If you have a fiscal partner, let us know who that is. We would also then like to receive a hand in help with the documents from your fiscal partner.

Pricelist

General

On this page you can see the rates we are using for doing tax returns in 2024. Before doing your return we are preparing for it. Like checking tax law changes, we are updating the hand-in-help accordingly. We are asking for electronic assessments and dealing with administration connected to it. And in the rates included the work we do in collecting all the proofs, filling out the tax forms, report to you and handle questions. Because we do so many of them, we can keep the price low.
